1. Aims of this First Response document

This pack is intended to be used as a resource for any member of the Critical Incident Team called on to be the first responder in any incident.

2. Critical Incident Team Members and Contact Details

A central component of this policy is the identification of the composition, roles and responsibilities of the Critical Incident Team.

The role of the team is to review and direct the handling of the incident and the response and recovery process in order to:

Ensure the safety and security of students, staff, other users of the premises and visitors;
 Minimize the loss to the School in physical, human and financial terms; Manage an incident to minimize disruption to regular operations; Liaise with appropriate agencies, including the Media.

The Critical Incident Team will comprise the following:

	Name		Role	SLT	Home	Mobile
1	Jon	White	Head Teacher	SLT		
2	Rosemary	Sherry	Deputy Headteacher	SLT	01

5	Val	Hargrave	Assistant Headteacher (F&KS1)	SLT		
5	Michael	McLellan	Site Manager		01

All staff and Governors should be aware of the names of the members of the Critical Incident Team. In the event of an emergency all staff, including temporary staff, should be notified as soon as possible.

The Critical Incident Team will, dependent upon the nature of the incident itself, be concerned with any of the following issues:

Adequate assessment of hazards and situations which may require emergency action;
Analysis of requirements to address these hazards; establishment of liaison with all relevant emergency services; development of an effective management plan;
Dissemination of planned procedures;
Regular review of this plan;
Assisting the Headteacher with all aspects of the implementation of the plan;
Arranging staff development activities, where necessary.

3. Procedures during an incident:

A member of the Critical Incident Team must be informed of any critical incident as soon as possible. As soon as an incident is confirmed, the Team will meet to decide strategies. The rest of the staff will be informed as soon as possible, preferably at a specially convened staff meeting.

All staff should share the same information.

The school will try, as far as possible, to keep to the normal routine.

4. Notification of a Critical Incident

In the event of a major incident in a Hertfordshire School, phone one of the following numbers for County Support-

Monday – Friday	08.00 – 20.00	01438 737261
Saturday	09.00 -16.00	01438 737261

(This will access the Hertfordshire Customer Service Centre)

At all other times: 0800 547547 (This will access the Amey Property Service national call centre)

If phoning from abroad add the country code, then the UK code 44. Omit the first 0 of the local code. For example, if phoning from Paris, dial 00 44 800 547547.

Callers to the above numbers should be prepared to provide the following information, if possible:-

- That you are calling about a school in Hertfordshire
- The name and address of the school, including the town and street
- Your name
- Your phone number or that of another available contact
- The nature of the incident (A critical incident will be one involving very serious injury, loss of life, or in the event of a premises related incident, a critical event likely to cause the closure of the school).

As a result of your call, all people and departments at County Hall, and other appropriate services will be notified as necessary

5. Handling the Media

It is likely that we would be contacted by the media, (e.g. BBC) etc very quickly, possibly before the Contingency Plan support systems are in place. The following is a summary of key points in order to handle enquiries that may arise soon after an incident has occurred. All members of the recover team should be familiar with this checklist.

Whatever the incident, and particularly if it involved injury or death on a school trip, the likelihood is that information will be sketchy at best and possibly inaccurate.

In the immediate period following an incident, and prior to the arrival of a member of the CSF Service Communications Unit:-

- If possible, try to buy time, e.g. the head is not available but will call back.
- Be clear about which staff /governors are designated to talk to the press and which are not.
- Be prepared to accept that a designated person may not be the most appropriate person to handle the situation in some circumstances.
- Do not talk to a journalist by yourself; have a colleague with you to take notes of what is said.
- Do not provide anything other than facts.
- Give a prepared statement rather than an interview.
- Be sensitive about personal information.
- do not apportion blame or admit liability to anyone, even in conversation.

Once an emergency number has been contacted (See Notification of an Incident) the CSF Service Communications Unit will contact the school as a matter of high priority.
