

PUPIL POST

29th May 2022
7th Sunday of Easter

Exploring capacity
and language in Year
One.
Next step, measuring!

Learning to use the language of capacity

Year 4 Math lesson classifying triangles.

Year One have been thinking about carbohydrates and how they are good for long release energy, followed by lots of energy bursting activities. Thank you Premier Sports!

Reception also really enjoyed learning how to stay fit and healthy.

Book of the week in Nursery, 'Are You a Snail?'

"The baby snail comes from mummy snail."

"The snail lays eggs...because they are babies."

Literacy:

Information Book

Introduce the book and use book language: front cover, title page, page number.

Invite the children to listen to the witty text and look at the beautiful illustrations in 'Are You a Snail?' by Judy Allen and Tudor Humphries.

Can you remember how the snail begins its life? A cocoon - just little the caterpillar.

Yes, a little egg.

When the snail does hatch, what does it look like?

**'Awe
and
wonder!'**

*"They make slime!"
"One snail climb and
then slime!"
"Mummy snail lays an
egg...it hatch into a
baby snail."*

“I see the snail .”

“The shell is a little bit slimy as well!”

“The eyes are on the top, I see them!”

“One magic foot!”
“ Look, they are eating!”

Observing very closely and making links.

"I see a tail and eyes!" "I see a baby snail!"

[We have four babies, how many eggs hatched?] *"Four!" "Oh they are so cute!"*

"Is he a boy or a girl?" [umm] "These two are not moving!"

In Science, Year 3 looked at how muscles work using our own models.

Year Six have been learning about the conversion of Saul and how others can change.

Spending some time with Mary ahead of the May procession on Wednesday

Lots of fun in PE
for Reception

Chapter 12.

Just what is behind
the door?

Year 5 engrossed in
Stormbreaker
